Problem-Solution Fit Canvas

Area	EduGenie Fit
Target users	College students, beginners, self-learners and anyone revising a topic.
Problem	Learners need quick, understandable answers and structured study support without switching between multiple tools.
Existing alternatives	Search engines, static notes, separate quiz tools, video tutorials and general chat assistants.
Proposed solution	One focused workspace that combines Ask, Explain, Summarize, Quiz and Learning Path workflows.
Core value	Reduce the effort needed to understand, revise and practice a topic.
Evidence in current build	Five implemented endpoints, browser UI, Gemini integration, quiz JSON parsing, validation and demo fallback.
Key assumption	Learners benefit from concise, level-appropriate AI responses when the output is reviewed for accuracy.
