Customer Problem Statement

PS	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A college learner	understand topics, revise notes and practice	study material is scattered and explanations may be too complex	I have limited time and different learning needs	uncertain and less confident before practice
PS-2	A beginner programmer	get simple explanations and a guided sequence	I may know concepts but struggle to connect them into a learning path	resources are not organized around my current level	overwhelmed by where to start

Problem statement selected: Learners need one simple AI-assisted workspace that converts questions and study material into understandable explanations, concise summaries, practice quizzes, and a structured learning path.
